Hey Annie,

Lab [REDACTED]

Can you confirm that the sample was NOT exhausted by the analysis? I had this case on for pretrial today, and the defense counsel was saying that there is not enough for an independent testing/weight. I brought up that usually we get notice from you guys before you test to exhaustion, etc. I think defense counsel is just trying to cause a ripple/stall on trying this case, I am not saying you did anything wrong in any way.

The Judge asked me to double-check with you.

Thanks!
